Introducing FIT 5th Edition Trial Rules

In November 2019, Federation of International Touch (FIT) held a conference in Paris where the Touch Football Australia (TFA) 8th Edition Playing Rules was proposed for adoption by FIT. FIT put a process in place to seek feedback from a range of stakeholders.

As these rules truly reflecting the latest trends of the modern game. Therefore, Hong Kong Touch Association (HKTA) has decided the FIT 5th Edition Rules will be implement at all levels in Hong Kong, from the commencement of 2020-2021 Winter Touch League.

The FIT 5th Edition Rules most likely used at all international events moving forward. It is important that our Touch community can be familiar with the latest, most updated trends of the game.

A complete set of the 5th Edition Rules, together with a summary of the key changes will be upload to the HKRU website – [Touch Association](#) (Referees).

HKTA will continue engage with the Touch community during this period to introduce the new rules.
